

# All Over Your Body

Danny Fernandes

[Chorus]

All over your body [2x]  
All over your body, baby I wanna be all over your body

[Danny]

All over your body, body  
I wanna see what you got  
Girl you know your a ten, you probably hear that a lot  
So you run it, run it, that's why you here at my spot  
You could've been anywhere else in the world, but your not

[Bridge]

Na Na Na, I know she wants to have a little fun  
She picked the right one to get it done  
I say the same things to everyone

[Chorus]

All over your body [2x]  
All over your body, baby I wanna be all over your body

[Danny]

I know that she want it, want it  
Cause she heard I'm the best  
You heard so many rumors, let me put em' to rest  
Na- now get on it, on it  
Let me touch it, caress  
And you must be a murderer, have you kill in that dress

[Bridge]

Na Na Na, I know she wants to have a little fun  
She picked the right one to get it done  
I say the same things to everyone

[Chorus]
