

Breathe Again

Danny Fernandes

I, I never knew I could fly
I didn't know where to go
I never knew how to show
Show just how o really feel
Was to afraid to fall
Afraid of losing it all
Till you opened my eyes
And brought me back to life again

You gave back tomorrow
So wherever you go I'll follow
You showed me how to love
And made me breathe again

You stopped my heart from breaking down
You saved my light from fading out
You showed me how to love
And made me breathe again

I, was paralyzed and alone
Sinking into the ground
I couldn't pull myself out
And nothing in this world was real
Until you showed me the truth
That all I needed was you
Until you opened my eyes
And brought me back to life again

You gave back tomorrow
So wherever you go I'll follow
You showed me how to love
And made me breathe again

You stopped my heart from breaking down
You saved my light from fading out
You showed me how to love
And made me breathe again

Wo, woo, wooo
Wo, woo, wooo
Wo, woo, wooo
And made me breathe again

When we're together
We're running like the wind
When we're together
Any mountain we can move it
You gave me power to believe
Now I can finally shine

You gave back tomorrow
So wherever you go I'll follow
You showed me how to love
And made me breathe again
You stopped my heart from breaking down
You saved my light from fading out
You showed me how to love

And made me breathe again
You showed me how to love
And made me breathe again
