

# Hit Me Up

Danny Fernandes

I'm burning up, up inside  
You left me out here all alone  
Now I know its way too hard for us to just hold on  
This is a sign we should let it go

Girl I try my best to put up with your silly games  
But nobody sees you crying when you're in the rain  
You got me going insane, yeah

Say what you want  
But I know, but I know now, girl

She hit me up, I can never think twice  
Just my luck she rolled the dice  
She hit me up, then tore me down  
With a finger wrapped around

She hit me up, I can never think twice  
Just my luck she rolled the dice  
You tore me down, tore me down, tore me down  
Wrapped around

I can't believe you said the words I thought you'd never say  
Feeling like the more I try the more it slips away  
This is a sign we should let it go

I know I should've but I couldn't let you walk away  
I take you back when you know you don't deserve to stay  
You've got me going insane, yeah

Say what you want  
But I know, but I know now, girl

She hit me up, I can never think twice  
Just my luck she rolled the dice  
She hit me up, then tore me down  
With a finger wrapped around

She hit me up, I can never think twice  
Just my luck she rolled the dice  
You tore me down, tore me down, tore me down  
Wrapped around

I'm dreaming as I watch you leaving  
After getting dolled up this evening  
It's so odd that you wanna get even  
Fall apart 'cause you change every season

So now we ain't speaking  
And you're talking on the phone all secret  
'Til I cut you off this weekend  
Hearing the same song to long, remix

It's done for me when it comes to me  
Without you I'm livin' comfortably  
Lose a couple Z's but there's more than sleep  
You're not the 5-4-3-2-1 for me

She hit me up, I can never think twice  
Just my luck she rolled the dice  
She hit me up, then tore me down  
With a finger wrapped around

She hit me up, I can never think twice  
Just my luck she rolled the dice  
You tore me down, tore me down, tore me down  
Wrapped around

She hit me up, I can never think twice  
Just my luck she rolled the dice  
She hit me up, then tore me down  
With a finger wrapped around

She hit me up, I can never think twice  
Just my luck she rolled the dice  
You tore me down, tore me down, tore me down  
Wrapped around
