

# Hurt No More

Danny Fernandes

You said goodbye and it was over  
All of our dreams disappeared that night  
And it's been hell and back, I wonder  
If I could turn back the hands of time

Would you run back in my arms again?  
Know I messed it up and I can't blame you  
For leaving me then

No more nights waiting up for me  
Wondering when I'll come home  
No more worrying about those other girls  
Numbers on my phone

I'm not saying that I'm perfect  
But I know when I'm wrong  
And now you're gone out the door  
But at least you don't hurt anymore

You don't hurt anymore

Looking straight into the mirror  
All I see is the pain in my eyes  
I hope you don't think I'm a monster  
I think I still need you in my life

Would you run back in my arms again?  
Know I messed it up and I can't blame you  
For leaving me then

No more nights waiting up for me  
Wondering when I'll come home  
No more worrying about those other girls'  
Numbers on my phone

I'm not saying that I'm perfect  
But I know when I'm wrong  
And now you're gone out the door  
But at least you don't hurt anymore

You don't hurt anymore  
Said you don't hurt anymore

There's a part of me that wants to let go  
There's a part of me that I'll never show  
When you said to me that you wanna leave  
Just take everything and go

But at least you won't hurt anymore

No more nights waiting up for me  
Wondering when I'll come home  
No more worrying about those other girls'  
Numbers on my phone

I'm not saying that I'm perfect  
But I know when I'm wrong

And now you're gone out the door  
But at least you don't hurt anymore

You don't hurt anymore  
Know I messed it up and I can't blame you  
For leaving me then  
You don't hurt anymore  
You don't hurt anymore  
You don't hurt anymore
