It's Only

Danny Gokey

It's been eighteen months and fourteen days Bobby can't get em a job Repo mans gonna take his van Bobby's given up on god He needs a hand up and not a hand out But hey everybody's gotta suffer Don't worry Don't worry it's only my brother la da da da yeah So where is that poverty line I never really seen it Look around I'm doin fine I'm not really sure I believe it On the other side of town schools are fallin' down but me I'm ridin' in style Don't worry don't worry it's only a child There's a homeless woman with a shopping cart living on the street Lord knows she can't come in here where the pretty people meet And were all dressed in our Sunday best And she smiles when she sees us Don't worry it's only Jesus la da da da yeah There's a face in the mirror of a man that I can be Lord won't you open my eyes Won't you help me see A hungry child needs more then a piece of bread Brother needs a job to get ahead And the homeless need a place to lay their head And as much as I've been given I could never give enough Don't worry it's only love la da da da yeah It's only love It's only love Gonna make it together Walkin' hand in hand Fallin' down to our knees is where we'll make our stand You can never give it all away You can never get enough Don't worry don't worry don't worry It's only love When your lonely cold and empty Only one thing to fill you up And it's only and it's only and it's only It's only love Yeah yeah
