Danny Gokey

I'm under the weather  
I got a temperature so high can't bring it down  
You give me chills  
And when we're together  
Got a love so sick feels like I'm heaven bound  
And that's for real

I'm talking you up like I was born a preacher  
There ain't no doctor to kick this fever  
I can't get you outta my, outta my system  
I'm in love, I'm in love, I'm in love, I'm in love  
I can't see through all of my, all of my symptoms  
I'm in love, I'm in love, I'm in love got me feeling like  
Nah, nah, nah, nah, nah, nah, nah, nah

Is it contagious  
Do ya feel it movin' on right down your spine  
From head to toe  
I'm singing your praises  
When I'm with you I can't help but testify  
I gotta let 'em know

I'm talking you up like I was born a preacher
