

Beautiful

Danny Michel

Sitting in a rainy tent in an 'I love NY' hat.
She said I was beautiful and I'd never heard that.
From someone like you.
C'mon, this can't be true.
You make me feel all new and...
Beautiful.
She held me on the telephone,
But it's just not the same.
So we go double-dutch,
And she climbed in a plane.
Now I'm sleeping in till noon,
And the little things don't hurt.
Now I'm wearing out her name,
And she's wearing my shirts.
I wanna shoot the moon,
Spend all my cash on you.
Do everything to you...
'Cause you're...
Beautiful.
You'll be #1 and I'll be #2,
You're a modern girl and I'm an old fashioned fool.
She sparkles in the pouring rain,
And keeps me water tight.
I don't know what all this means,
But man it sure feels right.
I haven't felt this good,
I didn't know you could.
I never thought I should be...
