Here I Am

Danny Saucedo

I found the key now I want more I read my letters from before I don't know where or why I go Cuz all I feel is all I know Yes I will continue forever until you lern to see I'm whorteless without you incompleted

Oh oh, here I am So take it all Do you catch me when I fall When I'm reaching out to you I wanna be right where you are Like the moon among the stars Can you hold on to To the love that I have To give

I found the meaning of my life Cuz through the art I came alive I hope you always stand by me Cuz I will always stand by you Yes I will continue forever until you lern to see I'm whorteless Whithout you incompleted

Oh oh, here I am So take it all Do you catch me when I fall When I'm reaching out to you I wanna be right where you are Like the moon among the stars Can you hold on to To the love that I have To give

Yes I'm standing here alone I can make it on my own I'm whorteless whithout you incompleted

Oh oh, here I am So take it all Do you catch me when I fall When I'm reaching out to you I wanna be right where you are Like the moon among the stars Can you hold on to To the love that I have To give

From me to you The love I have From me to you From me to you From me to you
