

Downtown

Danzel

Feet back on the ground, downtown!
Baby, I've got music on my mind
Since you've been gone drum and bass
Are pounding all the time
I guess your love stood up and left on me
But baby I don't care because I've never felt so free
Everywhere around the world (people are moving)
Everywhere around the world (they keep on groovin')
Everywhere around the world ...
Get up! Come down!
And get your feet back on the ground ... downtown!
Downtown!
I'm going out now every day and night
I keep on dancin' till the early morning light
Just can't wait until the sun goes down
Cuz that's my cue to move my body all over town
Everywhere around the world (people are moving)
Everywhere around the world (they keep on groovin')
Everywhere around the world ...
Get up! Come down!
And get your feet back on the ground ... downtown!
I don't think you're coming back again
But that don't matter I'm now a "ladies man"
So anyway wherever you may be
Get it out your system
Just go out and dance like me
Everywhere around the world (people are moving)
Everywhere around the world (they keep on groovin')
(x5)
Everywhere around the world ...
Get up! Come down!
And get your feet back on the ground ... downtown!
Downtown!
