

The Tabledancer

Danzel

Get on up the table
Get on up the table
Girl, I've been watching you
Every single day and hour of the week
Girl, I've been lyin' awake
Can't control the beating of my heart
Get on up the table and show mer what you're able of
Get on up the table and show me what you're able of
Shake that booty baby, tease me, I can't get enough
Get on up the table and show me what you're able of
Girl, I've been watching you
Every single day and hour of the week
Girl, I've been lyin' awake
Can't control the beating of my heart
Man, I've been payin' for you
But I don't give a damm about the cash I lose
Cuz' you, you're my dream come true
And if you ever ask me, I will say: 'I do"
Get on up the table and show me what you're able of
Get on up the table and show me what you're able of
Shake that booty baby, tease me, I can't get enough
Get on up the table and show me what you're able of
Shake your booty ... I've been watching you ...
No no, shake your booty ... Whohohohohoooo
Get on up the table and show me what you're able of
Get on up the table and show me what you're able of
Shake that booty baby, tease me, I can't get enough
Get on up the table and show me what you're able of
