Bound By Blood

Danzig

I'll never lead you to harm
I'll never leave you to fear
I'll always be with you

Bound By Blood

If you wander alone
You'll never be by yourself
Im always with you

Were Bound By Blood
Bound By Blood
Bound By Blood

I'll never lead you to burn
Or set you straight when you are down
Now forever were

Bound By Blood

And if you find yourself cold
Just check your warmth for my words Im always with you

were bound by blood
bound by blood
bound by blood

I'll never lead you to harm
Never leave you to fear
Im always with you

Were Bound By Blood

And If you wander alone
Never be by yourself
Im always with you

Were Bound By Blood
Bound By Blood
Bound By Blood
