

Can't speak
can't talk
can't do anything they want

Can't hide
or change your mind
gonna live w/ all my soul
inside

Can't speak
can't talk
can't stop for the reeling cause
or love
i told'em all about it
can't talk
cause I'm already lost

Can't think
can't cry
keep thinking of a suicide
it's hard
i just can't forget it
gonna fade cause I'm already dead

Can't think
can't dream
don't dare if i live or die
don't talk
i just can't believe it
gonna fade cause I'm already dead

Can't think
can't dream
don't believe anything i see
i don't want to get it
gotta leave
or i'll live to regret it

Can't speak
can't lie
can't go anywhere to hide
can't think
can't cry
keep thinking of a suicide

Can't speak
can't talk
can't do anything i want
can't hide
or change your mind
gonna live w/ all my soul inside
