

## Circle of Snakes

Danzig

A grain of bane  
The secret name  
Caress of scales up and down your leg  
Unholy dream  
A flick of the tongue  
Scent of seraphs breathing down your neck  
Blackrock  
Spirals down this reptile highway  
Writhing like a devil  
Ride like the devil

Writhe around your face like a circle of snakes  
Halfway to hellbent  
Halfway to hell  
Halfway to hell  
Halfway to hellbent

A lok of strix  
Matted mane  
Another nyx with the mark of cain  
Nagalist  
A coiled charm  
Grip of vipers coiling up your arm
