

## Dead Inside

Danzig

How does it feel when you're dead inside  
Lost someone to the other side  
Felt so bad 'cause you didn't cry  
Couldn't she'd a tear cause you're dead inside

How does it feel when you're cold inside  
Emptiness constant at your side  
Freezing ever secret thought you hide  
Motionless, frozen hell design

How does it feel when you're lost and blind  
Loneliness is your only guide  
And how does it feel when you're black inside  
Numbness calls from your inner eye
