

I Know Your Lie

Danzig

Truth is that you're near
laugh is all on you
now you're so alone
and nothing you can do

Yeah
I know your lie
(2x)

Bled yourself too long
fall is all too true
the master calls the hand
payment now come due

Yeah
I know your lie
(2x)

False friends all depart
your emptiness arrives
the world you made is gone
your hollow lullaby

Yeah
I know your lie
(2x)
