

# I'm the One

Danzig

I was born in the dirt  
I never had no home  
And the places I've lived  
You don't wanna know  
Well if you wanna hear evil  
Just come a little bit close

I was a snake-eyed boy  
And at the age of five  
I made love to the howl of the wolves  
With-a dark haired girl  
So if you wanna hear evil  
Come a little bit close

She whispered in my ear  
Little boy you the one  
Set the world to rights  
Make it tremble in fear  
Do it one more time  
'Cause you the one, you're the one

You the one, you're the one  
You the one, you're the one  
Yeah, you're the one  
Little boy, you're the one  
You're the one, my child

She said, "The path you walk  
Gonna be hard one to tread"  
'Cause the night is your only love  
Lots of girls gonna be hurt  
Said, "It's part of your fate  
'Cause you're the one, you're the one"

And now I know my place  
In this life I ride  
And I know the things I feel  
A burnin' deep inside  
So if you want to meet evil  
I'm the one, I'm the one

I'm the one, I'm the one  
I'm the one, I'm the one  
Yeah I'm the one  
I'm the one, I'm the one  
You're the one, my child
