

# Netherbound

Danzig

Your forever blinding guile  
Your forever stained  
Your forever nether bound  
Forever slaked  
And the world is ours  
Let the others die  
And we shine eternal  
We can touch the skies  
Cause we're nether bound

Your forever discontent  
Your forever stamped  
Your forever malevol  
Paradise regained  
Let the others die  
And we shine immortal  
We have touched the skies  
Cause we're nether bound
