

On a Wicked Night

Danzig

Hey, my lady in black
Now I see your back
Haven't seen you for a while
Kinda miss your deadly smile

On a windy night
On a windy night
On a wicked night
On a wicked night

On a windy night
On a windy night
On a wicked night
On a wicked night

Hey my lady in death
Have you come for my last breath?
I never thought, we were through
I bet you knew I knew it too
I never thought that we were through
I bet you knew that I knew it too

On a windy night
On a windy night
On a wicked night
On a wicked night

Hey, my lady in black
Now I have you back
I haven't seen you for a while
I kinda miss your deadly smile

Hey, my lady in death
I see you've come for my last breath
I never thought that we were through
I bet you thought I never knew, yeah

On a windy night
On a windy night
On a wicked night
On a wicked night

On a windy night
On a windy night
On a wicked night
On a wicked night....
