

# Rough Boy

Danzig

What the hell wrong with me?  
I got a fever of a hundred and three  
Got no bed, ain't got no time  
If you give me just a minute then I'll feel so fine

I am the one who can take your heat  
I'm the one you'll never beat  
I'll give it to you straight, I'll look you in the eye  
If you give me just a minute then I'll show you why

I'm a rough boy  
Oh, I'm a rough boy  
I'll give it to you straight or look you in the eye  
If you give me just a minute, girl, I'll show you why

I don't care what you think of me  
'Cause I'm the one who gonna set you free  
I'll give it to you straight or look you in the eye  
Oh, take a fuckin' minute and I'll show you why

I'm a rough boy  
I'm a rough boy  
And I'll shoot it to you straight, I'll look you in the eye  
If you give me just a minute, girl, I'll tell you why

I'm a rough boy  
I'm a rough boy  
I'll give it to you straight, I'll tell you no lie  
If you give me just a minute, girl, I'll show you why

I'm a rough boy  
I'm a rough boy  
Oh, give it to you straight, I'll tell you no lie  
If you give me just a minute, girl, I'll show you fuckin' why

I'm a rough boy  
I'm a rough boy  
Oh, I'll give it to you straight, I'll give it to you right  
If you give me just a minute, girl, I'll show you why
