

# The Revengeful

Danzig

Hell it comes  
Bitch in black  
Headless serpent  
The darkest path  
Triple steele  
Thunder roll  
Hell it comes  
Bornless cold

Hell it comes  
Damned whore  
Got a belt  
Made of human skulls  
Cut you right  
To your bone  
Hell it comes  
On a hades stroll  
Revengeful  
Lo it came  
Lo it comes

Hungry cold  
It likes the bloody taste  
Of love  
Bitch in black  
Blackest known  
Hell it comes  
Lo the hungry cold  
Revengeful  
Lo it's name  
Revengeful  
Lo it came  
Deth red moon  
Long  
Are the twisted vines  
Growing and knarled inside  
Look and you'll find  
That they never die  
Long

Are the twisted vines  
Deth red moon  
Going down  
Deth red moon  
Burning down  
Cold  
Is the wailing night  
Gone are the tranquil skies

Look round you'll see  
All the longing eyes  
Cold  
Is the wailing night  
Deth red moon  
Going down  
Deth red moon  
Burning down

And there's no escaping  
From this hell it's making  
And there's no escaping now  
Deth red moon  
Going down  
Deth red moon  
Burning down
