With a Girl Like You

I want to spend my life with a girl like you And do all the things that you want me to

Till that time has come That we might live as one Can I dance with you

I tell by the way you dress that you're so refined And by the way you talk that you're just my kind

Girl why should it be That you don't notice me Can I dance with you

Baby baby is there no chance I can take you for the last dance All night long yeah I've been waiting Now there'll be no hesitating

So before this dance has reached the end To you across the floor my love I'll send I just hope and pray that I'll find a way to say Can I dance with you
