

Closing Down The Pattern Department

Daphne Loves Derby

Hey, did you hear about my mistakes?
I never thought you'd see me looking down
Even though I made a mess of everything you made for me
All along you were there
Waiting like you said you always would
Yeah, you said you always would

We don't have to wait for anything at all now that I've learned
This fool will never learn a thing
And I can't believe that you would send your love to me now
Even though I don't deserve it

Forgive me, but I can't be everything you deserve
And I know it's too late to crawl back to you tonight
But there's a few things that I just need you to know
Like the way I felt when we were close
And how the stars explode every time you are near

But all along you were there
Waiting like you said you always would
Yeah, you said you always would

I am so far, I couldn't see
But you made every day so sweet
All along you were there
Waiting by my side

Yeah, you love me even though I don't deserve it
You love me even though I don't deserve it
