

Kent Loves Gig Harbor

Daphne Loves Derby

Can we try? I've saved my best for you tonight.
This is the very last day that I have alive, because without you here I die.
So don't tell me, cause I already know that
nothing in the world would mean a single thing,
until you are here with me and I've shared it with you.
I need to get these words out before I choke.
My rooms on fire and the headboard to my bed is broken:
And so am I. From all these nights, that I've spent alone.
I should have known, if I let you into my heart,
that you would be tearing it down from the start.
Grab a map to see how close we really are,
and pretend that I feel blessed but I know that I'm not because
your leaving.
Underneath the shade of this tree, please look me in the eyes
and tell me you love me because I need to hear that lie.
