

# Rockstar ft. Brian May

Dappy

They say that I'm dangerous  
Like everything I touch falls apart  
If I were to tell, they'll kill me now  
well imma cut to the chase

I used to wish on a star but nowadays I need space: Satellites  
See the black shades white chain, flashing lights  
Never thought I could of felt this low in the highlights  
So I asked Phyllis its still another day in paradise  
Is the heaven for the forever 27  
Could it be three years till I'm jammin' with legends?  
I got thousands of fans, but I don't get the obsession  
There's a nice guy inside, I guess I've never met him

cause I could buy a fast car But not even an airoplane can seem to get me out of here  
The pressure and the stress are both dying to see the end of me  
And the man in the mirror is looking at me like an enemy

Whoa  
What doesn't kill you makes you stronger every time  
Naahoo  
Don't let em tell you how to live your life, causee

They say that I'm dangerous  
Like everything I touch it falls apart  
If I were to tell, they'll kill me now  
Well imma cut to the chase

Cause I'm living like a Rockstar  
I aint afraid the good die young  
Cause I be living like a rockstar  
I blow up a million miles away, away, away

Ohh Ohh Ohh Ohh Ohh Ohh  
Chicka BANG BANG  
Ohh Ohh Ohh Ohh Ohh Ohh  
Chicka BANG BANG

Mama always told that there's someone looking over me  
Think she meant the guy with the camera tryna photo me  
Be careful what you wish for, cause the truths a little different  
if the Guardian's my angel, why's the Sun burning holes in me?  
They let me loose on the public, but I didn't prepare  
I get shock by a lens everytime i appear  
Put a star in the room, I swear it changes the atmosphere  
Cause I'm a celebrity, can someone get me out of here

Whoa  
What doesn't kill you makes you stronger every time  
Naahoo  
Don't let em tell you how to live your life, causee

They say that I'm dangerous  
Like everything I touch it falls apart (oooh like everything i touch it falls apart)  
If I were to tell, they'll kill me now

Well imma cut to the chase

Cause I'm living like a Rockstar ( Yesss i ammm!)  
I aint afraid the good die young ( woahh oh oh oh)  
Cause I be living like a rockstar  
I blow up a million miles away, away, away

Cause I don't care, I don't care  
Take me there, take me there  
Na na na I aint scared, I aint scared  
Take me there  
Well Imma cut to the chase cause i be living like a

You ain't a legend till your set in stone  
For now your just flesh and bone  
Just a likkle bruder tryna build a home  
I'll be the best till my dying breath: Brian Jones  
A wise girl once sung tears dry on their own  
Fuck a moment of silence in my house  
We shut the whole shit down for Winehouse  
so I've got something to say  
Take aim, pull the trigger  
cause your never going to blow me away ( Awwwayyyyyy, ooh woahh)

They say that I'm dangerous  
Like everything I touch it falls apart  
If I were to tell, they'll kill me now  
Well imma cut to the chase

Cause I'm living like a Rockstar  
I aint afraid to die young  
Cause I be living like a rockstar  
I blow up a million miles away

Cause I don't care, I don't care  
Take me there, take me there  
Na na na I aint scared, I aint scared  
Take me there  
Well we can cut to the chase cause i'm living like a
