

I Have Lost My Dreams

Dar Williams

Stopped pretending
Happy ending
Everything I ever wanted
Stands in front of me

I have lost my dreams
I have lost my dreams

Now they say I told the truth
Life beyond the burden of proof
Paper thin blue skies
And windless feet

I have lost my dreams
I have lost my dreams

Traffic crawling
Life is moving
Up through stately trees
Into their green, please

Find a new dream
Find a new dream

I have lost my dreams
I have lost my dreams

I have lost my dreams
