

# Nothin' That You Won't Do

Dara Maclean

I used to talk about Your grace  
I knew what I was supposed to say  
But I, I didn't know a thin'

Deep down, I didn't think that I was good enough  
Some days I still think that I can earn Your love  
I'm free but it's like I still feel the chains, oh

There You go, there You go  
Doin' what You do, chasin' me, lovin' me  
You ain't afraid to move the universe just to prove  
Yeah, that if I was the only one here on the planet

You would still send Your Son  
'Cause You couldn't stand it  
To see me anywhere but next You  
Ain't nothin' that You won't do

You would follow me to any place  
So why would I ever run away?  
I know nothin' can separate

Your love has stolen all my history  
And now You are my new identity  
I'm Yours and that ain't never gonna change

'Cause there You go, there You go  
Doin' what You do, chasin' me, lovin' me  
You ain't afraid to move the universe just to prove  
Yeah, that if I was the only one here on the planet

You would still send Your Son  
'Cause You couldn't stand it  
To see me anywhere but next You  
Ain't nothin' that You won't do

There's no one like You  
Nothin' more true  
No one loves me like You do

There You go, there You go  
Doin' what You do, chasin' me, lovin' me  
You ain't afraid to move the universe just to prove  
Yeah, that if I was the only one here on the planet

You would still send Your Son  
'Cause You couldn't stand it  
To see me anywhere but next You  
Ain't nothin' that You won't do  
Ain't nothin' that You won't do

Nothin' that You won't do
