

The Day That Love Was Born

Dara Maclean

Oh
How could you dream
Not just a story
But a masterpiece
A baby boy
Delivered to rescue you
You've got me a future
By making history
The day that love was born

It changed everything
And Jesus the Son
The Almighty One
Sent here to redeem
You came to save
Not just to give Your life away
You made a way
Everything changed
On that glorious day
The day that love was born

Oh, oh what a gift
The depth of Your heartache
Limitless
My soul must sing
Oh how I adore You
I was only existing
But now I am living
Because of what You gave
The day that love was born

It changed everything, oh
And Jesus the Son
The Almighty One
Sent here to redeem
You came to save
Not just to give Your life away
You made a way
Everything changed
On that glorious day

Glory, glory, gloria
Glory, glory, glory
Glory

The day that love was born
It changed everything, oh
And Jesus the Son
The Almighty One, oh
Sent here to redeem
You came to save
Not just to give Your life away
You made a way
And everything changed
On that glorious day
The day that love was born
