

## In Signo Mortis

Dargaard

Live...between the wolf in your heart  
And the cross in your back.  
Betrayed by your belief -  
Sworn to your arms -  
You had never any choice.  
Thou will wander endlessly  
In the shadows of thy doubt...  
Possessed by your desires.  
Fight for the wolf in your heart  
Against the cross in your back.  
See the dark side of thy soul  
As clear as thou  
Once have seen the sun.  
Enjoy the pain that lies  
In this tragic beauty  
Of your being.  
Death is worth to be worshipped  
And damnation consists  
Of undoubtly truth.  
Thou broke the cross  
And fell into everlasting darkness.

Te in signum mortis.  
Te in corpore immortale.
