

Give It

Darin

If you give this chance, I'll make it last in good times
If you take my hand, We'll walk through bad times
Girl, you and I were meant forever
Only love can make us stay together
Can't you see your moves are driving me crazy?
I bet you feel the same way for me, baby

Show me what you've got and let me rock this day
Sit down and listen, because I know my thing

Give it , give it , all you've got (all you've got)
Shake it, shake it, on the spot (on the spot)
Hate it, fake it, in the light (in the lie)
Give it , give it , all you've got (all you've got)
Shake it, shake it, on the spot (on the spot)
In the light, ohh

Don't let my love fool you, baby
Beacuse I am the one who stands, by you side, Yeah
and the sadness would't make me leave you
And what's happening inside, I'll will always love you
Don't care if your momma don't like me, beacuse I am a boy who knows exactly
where I'm standing(?)

Show me what you've got and let me rock this day
Sit down and listen, because I know my thing

Give it , give it , all you've got (all you've got)
Shake it, shake it, on the spot (on the spot)
Hate it, fake it, in the lie (in the lie)
Give it , give it , all you've got (all you've got)
Shake it, shake it, on the spot (on the spot)

Did you always take it that way?
Did you wanted me to stay?
Pay again, and take it back, I'd give you some of mine
Just sit down and let me rock this day (rock this day yeah)

Give it , give it , all you've got (all you've got)
Shake it, shake it, on the spot (on the spot)
Hate it, fake it, in the lie (in the lie)

Shake it, shake it, on the spot (on the spot)
