

# I Want You Back

Darin

When I had you for myself  
Life was all around  
Those pretty smiles and everything...  
Everyone against the walls jumping trough the wild  
I know you can do your good 'cause I know you are...

Oh baby gimme one more chance  
Tell me one more time baby  
Tell me what you feel babe  
One more time say it with me  
Oh yeah
