

She turns my world around
Whenever she is touching me
She knows she's got control
Of every little thing I feel
I can't go on feeling
Like a little devil boy
But at the same time she
Takes me where I wanna be

Come on, you know what I want

She takes me into fantasy
Let me back to reality
(hey ho hey hey hey ho)
Insanity
Your girlfriend's coming on to me
She eats your heart out can't you see
(hey ho hey hey hey ho)
Insanity

No, you have no idea
She's doing things behind your back
She's creeping up behind you
Telling me "I want you"

Come on girl
Now, don't push it girl
Then go to someone else when
You know you hurt me
Really, really bad
U better let go (really really bad)
U better let go (OW! ow oh)

She takes me into fantasy
Let me back to reality
(hey ho hey hey hey ho)
Insanity
Your girlfriend's coming on to me
She eats your heart out can't you see
(hey ho hey hey hey ho)
Insanity
Sweet as she is she is breaking my heart
Nobody knows it I fell from the start
Heating your life then she blows you away
But I can't stay
yeah

She takes me into fantasy
Let me back to reality
(hey ho hey hey hey ho)
Insanity
Your girlfriend's coming on to me
She eats your heart out can't you see
(hey ho hey hey hey ho)
Insanity
