

All I Want

Darius Rucker

Don't act surprised
It ain't like you didn't know
It's been a long, long time comin'
And it's time for me to go
Trying to split things up could drive us crazy
So I'm gonna make this easy, baby

You can have the money
You can have the house
Take the Cadillac and that boat out back
And your mother's pink and yellow couch
You can have every penny
That I'll make from this here song
Girl all I want you to leave me is alone

Don't get me wrong
I will always love you girl
You were my life
You were my heart
You were my world
But we both know it's over
There's no need to fight it
Girl, I just need some peace and quiet

You can have the money
You can have the house
Take the Cadillac and that boat out back
And that ugly pink and yellow couch
You can have every penny
That I'll make from this here song
Girl all I want you to leave me is alone

You can have the money
You can have the house
Take the big screen
And your diamond ring
And those shoes
That you swore you couldn't live without
You can have every penny
That I will make from this here song
Girl all I want you to leave me is alone
Girl all I need you to leave me is alone
