Love Will Do That

Darius Rucker

The second I saw you What was important Wasn't important no more Love will do that Love will do that

Made the old moon burn brighter Led to all-nighters Made sleeping a thing of the past Love will do that Love will do that

It changes everything
Makes the angels sing
Puts the past in the past
It'll drive you crazy
Sometimes it just makes you laugh
Yeah, love will do that

Turns minutes to hours

Days into years

Gets time to moving so fast

Love will do that

It makes you move mountains
Or not an inch
Life's good right where we're at
Love will do that
Love will do that

It changes everything
Makes the angels sing
Puts the past in the past
It'll drive you crazy
Sometimes it just makes you laugh
Yeah, love will do that

It'll give you a sunset
And an old rockin' chair
A hand to hold while you're looking back
Yeah, love will do that
Love will do that

(2x):

It changes everything
Makes the angels sing
Puts the past in the past
It'll drive you crazy
Sometimes it just makes you laugh
Yeah, love will do that
