

# The Craziest Thing

Darius Rucker

Way back when she did a hundred and ten  
In her dad's old Chevrolet  
And she once climbed way up high  
To paint her name on a water tank

She's got that little red rose on her big toe  
Tattooed in Myrtle Beach  
Went to Mardi Gras with her mother-in-law  
Got a suitcase full of beads

She's walked on fire, and jumped out of planes for fun  
But lovin me is the craziest thing that she's ever done

She's livin on faith  
I'm chasin my dreams  
I fly' and fall  
Til I unravel at the seams  
She's never played it safe  
Never walked when she could run  
But lovin me is the craziest thing  
That she's ever done

Left the bright lights drove down 95  
To a sleepy southern town  
Gave up a sweet gig to have a couple kids  
Chasin her around

All her friends roll their eyes and grin  
When she says that I'm the one  
They say lovin me is the craziest thing that she's ever done

She's livin on faith  
I'm chasin my dreams  
I fly' and fall  
Til I unravel at the seams  
She's never played it safe  
Never walked when she could run  
But lovin me is the craziest thing  
That she's ever done

She likes walkin on a tight rope  
Dancin on a ledge  
But she knows I'll catch her if she falls off the edge

She's livin on faith  
I'm chasin my dreams  
I fly' and fall  
Til I unravel at the seams  
She's never played it safe  
Never walked when she could run  
But lovin me is the craziest thing  
That she's ever done  
Yeah, lovin me is the craziest thing that she's ever done
