She's got a blind smile and a soft touch

A cute little dimple when she laughs too much

They say you fall hard when you meet her

Such is her allure

She's got a quick wit and a fast tongue

But she doesn't seem to know that she's the one

They say she cheats charm when she whispers

She's devilishly pure

You'd see if you knew her

She doesn't know

But its time I told her so

When I see your blushes

From a compliment of mine it touches

Something inside I'm getting rushes

The adrenaline rushes

And I'm fascinated

That you really don't know how to take it

When I look at you that way you feel naked

And I'm so into you

I'm getting rushes

She's about five nine

Got a sexy stride

With long tanned legs that she shouldn't hide

With a fine air of innocence

Nonchalance in every move

She's a sweet sensation tease temptation

She looks good enough to eat

She's a fallen angel with a devilish streak

Like with like will finally meet

You'd see if you knew her

She doesn't know

And so they say

But its time I told her so

When I see your blushes

From a compliment of mine it touches

Something inside I'm getting rushes

The adrenaline rushes

And I'm fascinated

That you really don't know how to take it

When I look at you that way you feel naked

And I'm so into you

I'm getting rushes

And I like it and I want more

Never felt it like this before

It's more than adrenaline rushes
