

# No Way Home

Dark Age

Brothers & sisters, find your way home  
Brothers & sisters, I feel so alone  
Brothers & sisters, don't you know  
Brothers & sisters... why I feel so

I want you to know that I still feel  
I want you to know that I still believe

Wherever I go, I know I will be yearning  
Whatever I know, it's my world that's burning  
Never felt free to go where I long  
Never felt free to sing this song

Brothers & sisters, I love you so/ I hate you so  
Brothers & sisters, I need to go  
Brothers & sisters, don't you know  
Brothers & sisters... that life will show
