

# Betrayal And Vengeance

Dark Fortress

I came to

Tied in a circle  
Everything stinks  
Tremors the ground

Tarnished scars  
Shadows closing in  
Wild-eyed chanting  
Quakes in the wind

Así bailan (This is how)  
Los herejes (The heretics dance)  
Amor de sangre (Love of blood)  
Cebo traen, (They bring bait,)  
Y se caen (And they fall)  
Amor de sangre (Love of blood)

Betrayal and vengeance  
This is how the puppets dance  
To the pipe of the black goat  
The downfall has begun

Travelling through us now  
A great brightness  
Strung and hung  
Then the blades

A crown of light  
And skewered shades  
Levitates into thick air  
On a crimson cataract

Así se mueren (This is how)  
Los herejes (The heretics die)  
Terror de sangre (Terror of blood)  
Cada uno tirano, (Each one a tyrant,)  
Cuchillo en mano (Knife in hand)  
Terror de sangre (Terror of blood)

Betrayal and vengeance  
This is how the puppets fall  
To the scythe of the black goat  
Wielded by their sons

Betrayal and vengeance  
This is how the living crawl  
In the dirt they go insane  
The prey no longer runs

This is how the living pay  
Kill their own for one more day  
As unction against the sun

Betrayal and vengeance  
This is how the puppets die  
In the wake of the black goat

Cold rays spread like fire

Betrayal and vengeance  
This is how the shivering sky  
Fumes us out and bleeds us dry  
And draws us ever nigher

Neh machitia ahmo (I know you not)  
Pero neh oquimpiaya mati (But I have known)  
Coyolxauhqui (Coyolxauhqui)  
Teh huigui nian (You must come to me)  
Teh ya tlanque (You're almost through)  
Tehuatl nicmati (You will know me)  
Ihcuac nin cocoliztli (When this ordeal is)  
Ompa (Over)
