

Goddess of Sodomy

Dark Funeral

Come forth, the goddess of sodomy.
My body is the source of pain, bow.
Worship me.....And suck my soul.
Every single hole in you is mine, so now.
Obey.....

Deep inside, you feel me pulsate.
More and more and more.
I hear you groan, you want me inside.
Again, again, again, again.....
You give me pleasure, I offer you pain.
The highest level of ecstasy, sexually insane.

Behind my mask of pretending, I hide.
In my dominion of pain.....

I am your god, I am your believes.
I control your desire, with my godlike white salted wine.

Behind my mask of pretending, I hide.
In my dominion of pain.....

I am the way to the land of your pleasure.
I am the way to your eternal lust.....
