

# The Fire Eternal

## Dark Funeral

Demons  
At night they call my name  
Visions  
Of my journey through the flames  
Blackened eyes  
Watching in the fire  
Horned one  
Awaits my soul in hell

Descended to the abyss  
On a lifeless shore  
Enshrouded in obscurity  
The kingdom called my name  
I saw the shadowed portals  
Open before my eyes  
Far away I saw the light  
I entered through the chambers  
In which the fire burns  
The cries of damned souls  
Echoed through the abyss  
I gazed into the flames  
Burning oh so bright  
I threw myself into the deeps

Satan  
Into the flames I fall  
Eternally I burn  
In the hellish deeps  
Satan  
Hell awaits my soul  
Eternally I burn  
Into the fire eternal

Dreamlike visions  
Of a journey into hell  
I burned for master satan  
I burned for his throne  
I heard the mournful voices  
Of a thousand souls  
Burning for eternity  
I entered through the chambers  
In which the fire burns  
The cries of damned souls  
Echoed through the abyss  
I gazed into the flames  
Burning oh so bright  
I threw myself into the deeps
