

## December

Dark Lunacy

Frozen Eyes In A Day Of Winter  
At The Gates Of Snowy Pathway  
I Greet The Cold And (The) Ashen Sunrise  
Wander In The Season Of The Past

Flying Back  
The Lyric Of Storm  
It's Growing Inside  
"When The Angel Will Spread Her Black Wings  
I Will Fly In Eternity With Her"

Crying Snow In A Day Of Winter  
Tears Of Ice Fall Around My Throne  
The Time Of Cold Has Brought The Silence  
And My Soul Waits The Power To Come Back

Flying Proud  
The Lyric Of Storm  
It's Growing Inside  
"When The Angel Will Spread Her Black Wings  
I Will Fly In Eternity With Her"

You Grasp My Strong  
Before My Death  
I Have Only You  
In My Great Surrender

And The Death Of Heart  
And The Death Of Soul  
My Desperation  
In The Winter Find The Rest

December, December...

By My Eyes  
Nothing Appears So Clear  
Nothing Is Standing Still  
I'm Leaving My Life ,I'm Waiting For December.
