

## Fall

### Dark Lunacy

Trough The Autumn, Fly The Echos Of Hidden Cries  
Rests The Dreamer, Beside The Ruins Of A Crambeled Life  
Walk In Silence, Amok The Shadows Embrace The Light  
And My Spirit Hails The Tails Lost In Memory.

I Am Fall, You'll Never See Me

I Have Tried To Run So Faster  
- Faster Like The Wind Of Autumn -  
I Have Tired, To Understand The World  
- And The Air Stroke The Yellow Leaf -  
And I Need To Find The Answer  
- The Leaf Of Autumn Waits To Fly -  
But This World Is Different From Mine  
- I Want To Fly Faraway From Here -

I Come From Here, You Never Seen Me  
Don't Find Me In Light  
Don't Call Me In Hopes

Voice From The Dust  
Above The Time.

Comes The Sworn From Distant Stories  
Screaming Birds Destroy The Skyline  
Distant Sworn  
Silent Tails  
Screaming Crows  
Breaking Soul, Soul.

Soul Escapes From You,

Shall I Return?

Over, Wind Is Blowing Colder  
Falling , On My Endless Prayer  
Over, Wind Will Take Me Higher  
Tell Me, All My Timeless Answers
