

## Forlorn

Dark Lunacy

Life,  
Entrapping My Heart  
Into The Obscurity  
Life,  
Enchanting My Eyes  
Into The Grey Misery

Something Is Marching Straight To Myself  
Still I Am Ruling My Castle Of Dust.

Awake,  
Awake By My Dream  
Everything Sleep. All Is Gone,  
Await,  
I Wait For Its Touch  
Turning The Dust Into Stone.

Something Is Marching Straight To Myself  
Still I Am Ruling My Castle Of Dust.  
Forlorn I'm Singing A Cry To The Cold  
I'm Forlorn.

Take All My Dreams  
Follow My Breathing  
Time Is Breaking  
Gathering Its Sad Ruins

Forlorn  
The Land Are Quivering  
I Feel It Close

Tell Me The Story, Tell Me That Place  
What's About Where You Come From  
How Many Realms You Destroyed  
How Many Realms Live By Your Light  
Where Do We Belong Now?  
Now.

Cold  
Embracing My Land  
Without The Missing Of Past  
Clouds,  
Today Will Not Cry  
Even This Day It's The Last

Something Is Marching To The Skyline Above  
Still I Am Ruling My Castle Of Ice.  
Forlorn I'm Sleeping 'Till The Sun Will Araise.
