

# Don't Look Back

Dark Moor

Orpheus, don't look back  
Play your music!  
You've been able  
And thus runs the fable  
To rescue your lover  
Going downwards to hell  
Great musician  
Charming compositions  
Could play to discover  
That Hell's under spell

[Bridge I]

In your motion  
Keep away the emotions  
And your wife from Hades  
To world you'll restore  
Just be wary  
This is necessary  
'Cause only your lady's  
What you adore

[Chorus]

Ah! Ah! Ah! Ah! Ah! Ah! Ah! Ah! Ah! Ah!  
You'll recover  
Your mild lover  
Don't look and  
Feel her hand  
May Apollo  
You could follow  
Right your track  
Don't look back!

[Bridge II]

Play such tender  
As a love defender  
And go ahead forever  
Never turn around  
Play such gentle  
That your instrumental  
Song can terror sever  
With this sound

[Chorus]

Though it's near  
What you fear  
In your heart is the music  
Don't look back  
Just attack  
With new notes your song
