

## The Deepest Fall

Dark Princess

To see your pain is such a pleasure  
Eyes are full of tears uncried  
My fall for you is hard to measure  
Trust me fool I never lied  
Let me reach out to you  
I want my loving back  
Going down  
Follow me  
I'll never leave you  
Will you leave me.  
Going down  
Follow me  
I'll never leave you  
Will you leave me.

I'll be your slave for time eternal  
Crawl for you on broken glass  
You are my beast it's such a turn-on  
You may die of my caress.  
Let me reach out to you  
I want my loving back  
Going down  
Follow me  
I'll never leave you  
Will you leave me.  
Going down  
Follow me  
I'll never leave you  
Will you leave me.
