[lyrics: Sundin]

A bolt of blazing gold, lifted from the horizon's edge Another radiant dawn sends new hope, avowed my hearty pledge My yearning to be part of nature's truthful solitude Of wisdom's inner light that shines in mystic multitude The guiding source within, so few of us will ever know And few will ever climb the great world-tree from which we've grown But those who seek will find the rhythm that vibrates high and far And rearrange the cosmic threads, the pattern of the Weave of Stars

A bolt of blazing gold, a sunfire in zenith hurled Oh, wingless skydancer, rejoiced upon the warmth unfurled What wonders do you hold ensnared with your mighty heart? What secrets may be mine to brother-share as we depart?

Of richest emerald forged,
my soul still rises, longingly
From inferno's winding caverns,
through dark air soaring, restlessly
If silence was enough!
No words can grasp my starkest thoughts
No language known to man
portrays my naked sentiment

A bolt of blazing gold, swallowed by the waveless sea The ocean-winds set sail, in breeze towards their destiny On solarbeams they rode, white sea-gull-wings in harmony For a moment's startling glimpse a sienna-burnt tranquility

Oh father of the coloured sky, unwear thy robe of shadowhood Let nature's soul once clash again 'neath blooming glades of goldenwood

We're the ones who seek to dance to fallen serenades The magic hymns of gold; as softly sung, the sunlight fades ...away Of richest emerald forged,
my soul still rises, longingly
From inferno's winding caverns,
through dark air soaring, restlessly
If silence was enough!
No words can grasp my starkest thoughts
No language known to man
portrays my naked sentiment

A world of silent stone,
as frozen in the nightly sky
In heaven's dark recesses laid,
no living soul draws nigh
For seconds all is still,
no moonlight heaves throughout the dark
Nor do the heavens breathe,
no dryads wreathe within the dark

Within my dark domain...
