

Feast of Burden

Dark Tranquillity

"Scars torn open
Bondaged slave
Eating my wrists"

A thrust that nubs the pain
Secondary now the instinct
Thrust beyond control
Chaotic
Are the tracks before me
Barren are the ones behind
Carried in a cage controlling

Driven
Driven on, Driven in
Headlong onto the beach
Driven on, Driven in
Taken to the extreme
Headlong onto the beach

Pumping fast the race is on
furious in striving
The Feast of burden begins
The Feast of burden begins

Driven on, Driven in
Taken to the extreme
Headlong onto the beach
Driven on, Driven in
Headlong onto the beach

"The enslaving force
Thrown ahead
Unrelenting"

Faithfully holding fast
Steaming ahead unknowing
Careless again it seems
Oblivious to the pressure
The Feast of burden begins
The Feast of burden begins
