

# Misery's Crown

## Dark Tranquillity

All has now been broken  
On streets I dare not walk  
Freedom is an illusion  
I build my fences high  
If there was something out there  
I've learned not to expect  
There's a hundred million reasons  
Not to care

Don't bring it  
Don't bring it  
Don't bring your misery down on me

Don't bring it  
Don't bring it  
Don't bring your misery down on me  
Wear misery's crown

As always in these matters  
You broke the deal of deals  
And wasted what was given  
To revel in your mess  
I gave up all for nothing  
Tried my best and failed  
There's a thousand million reasons  
Never to share again

This is how it all begins  
This is how it all begins

Don't bring it  
Don't bring it  
Don't bring your misery down on me

Don't bring it  
Don't bring it  
Don't bring your misery down on me  
Wear misery's crown

This is how it all begins

Come now  
Come now  
Come now

Don't bring it  
Don't bring it  
Don't bring your misery down on me

Don't bring it  
Don't bring it  
Don't bring your misery down on me  
Wear misery's crown
