What Only You Know

Dark Tranquillity

So after all that has been said Can we find a way back to when The days were ours to take And nothing ever hurt And we failed to offer or forgive

Reach out for the favors Take down the hopeful light For even the broken break

In the silence that only you know What hides in the emptiness That only you know When the night is long And the will is weak Even the broken break

It is a pain you will never know Held up to a light you once shone For every hour in my head The mind distorts So what can the broken ever say

Phase out the noise pollution Tune out of insanity's dream Take the hopeless down

In the silence that only you know What hides in the emptiness That only you know In that darkness That only you know

In the silence that only you know What hides in the emptiness That only you know
