

Think you're mister tough guy
When you're hanging with the crew
The time will come for justice
And you won't know what to do
When you meet your maker
And you got nowhere to go
You'll find out what ya f**kin' reap ya sow

Tonight we'll rise up
Watch them fall
Tonight we're gonna rise up
Watch them fall

Beatin' on the innocent
Your mum must be so proud
You terrorize the unsuspecting people in the crowd
The weak will band together
And that's when you'll be through
You'll pay so dearly for the evil that you do

Tonight we'll rise up
Watch them fall
Tonight we're gonna rise up
Watch them fall

LET'S FUCKIN' MOSH!

Tonight tonight tonight we're gonna rise up
Watch them fall
Tonight tonight tonight we're gonna rise up
Watch them fall

Tonight we'll rise up
Watch them fall
Tonight we're gonna rise up
RISE UP!
RISE UP!
RISE UP!
RISE UP!
RISE! UP!
RISE! UP!
RISE!
UP!
