We wrote this song about all of you tough guys here With fists full of fury and belly  $\square$ s full of beer (beat you fuck ing hardcore)

You spend your life terrorizing people Even then you win it□s wrong (Bunch of fucking rebels) In your mind it makes you so powerful and so strong

Watch the hammer fall on you

We wrote this song about all of you tough guys here With fists full of fury and belly  $\square$ s full of beer (beat you fuck ing hardcore)

You spend your life terrorizing people Even then you win it□s wrong (come on you fucking pussy) In your mind it makes you so powerful and so strong

Watch the hammer fall on you

Every time you hit her you know the fucking price
Oh lots of fucking bullshit and tons of bad advice
Don□t make me say I hate you cause you know I fucking do
Don□t make me say I hate you you know I really do fuck you
